

Macedon Ranges Suicide Prevention Trial

Our governance structure

The Collaborative

Reference Group

- Provides strategic oversight of trial site
- Approves trial site projects and spend (as developed by Stewardship Group)
- Ensures activities align with trial site parameters
- Oversees and monitors trial site action plan

Stewardship Group

- Develops trial site action plan
- Uses collective knowledge and expertise to develop project briefs for approval by Reference Group
- Promotes the work of the trial site

Project Working Groups

- Time limited to oversee the delivery of specific projects
- Uses local knowledge to support the implementation of approved projects
- Escalates project risks to Stewardship Group and Reference Group as appropriate
