

Cost Overview

Fees effective 1 November 2025

Support at Home services fees

Your Support at Home budget can be used on an extensive range of services tailored to your care plans, goals and preferences.

Support at Home is a government-funded initiative that supports individuals aged 65 and older in maintaining their independence at home. Once approved for funding, you can engage Benetas to create a personalised care plan tailored to your needs, and to deliver your services with quarterly budget and care reviews.

You may need to contribute to the cost of your Support at Home services. Call Services Australia about your situation on 1800 227 475.

Talk to us about additional short-term services

Our aim is to assist you in staying at home as long as possible. Your Care Partner can provide a price on a comprehensive range of services identified within your unique care plan. Many of these costs can vary depending on the services, and require My Aged Care approval.

Assistive Technology and Home Modifications (AT-HM)

Funding up to \$15,000 per assessed need

AT-HM is a separate scheme to provide funding for equipment and home modifications, with three funding tiers - low, medium and high depending on assessed needs.

Tier	Funding Cap
Low	\$500
Medium	\$2,000
High	\$15,000

Restorative Care Pathway

This short-term support is designed to help participants regain strength and delay the need for ongoing services. It extends the previous 8-week program to up to 16 weeks, offering funding of up to \$6,000 per episode, with higher amounts available for those with more complex needs.

End-Of-Life Pathway

For those wishing to stay at home in their final months, this pathway provides intensive support over a 12-week period. A one-off budget of \$25,000 is available for eligible participants through the End-of-Life Pathway.
