

Maximising your home care package*

Benetas Home Care: Practical, caring support that helps you live your best life.

Home care can transform your life in big and small ways, providing you with the support you need to safely stay at home, remain connected to your community and continue to do the things that make you, you.

Benetas Home Care can be tailored to suit your individual needs, lifestyle, goals and budget. Unlike others, your friendly, expert team – led by your dedicated Client Advisor – takes the time to genuinely listen to you, getting to know your likes, dislikes and preferences. They then work with you to create a care plan that delivers the practical support and warm-hearted care you want, the way you want it.

Tailor your services to suit your needs - and your budget

Here's an example of pricing for a range of commonly used Benetas Home Care services. For more detailed information about your individual requirements, please contact one of our caring consultants on 1300 23 63 82

“I went with Benetas because they were transparent from the start.”

— Rosa, 79

Ray (83) and Rosa (79) live in Glen Waverley. Retired for many years now, Ray is living with dementia and has a Level 4 Home Care Package.

Still active, Ray's wife Rosa, is a part-time librarian who enjoys regular exercise, social outings with friends and long walks with the couple's dog, Sam.

Rosa is Ray's primary carer, which has become more difficult lately. As a result, she's had to give up most of her exercise and socialising.

On hearing this, Ray's Client Advisor, Grace, helped Rosa put together a comprehensive care plan that recommended more respite for Rosa, along with help to keep the house clean and tidy, some personal assistance to help Ray in the home and a weekly visit from a Registered Nurse to provide more complex care.

Rosa is more comfortable now, knowing that Ray has the professional help he needs to maintain his dignity. She also has more time to rest and recharge, and can take a couple of hours each week to go to the gym or catch up with friends from time to time. This gives her more capacity and energy to properly care for Ray.

Ray and Rosa both feel the house chores are under control now, and they're spending more quality time together. Additionally, in an effort to maintain Ray's independence for as long as possible, our passionate Client Advisor, Grace, has also allowed for some savings toward a scooter for when Ray's mobility begins to decrease in future.

Need help? We're happy to answer all of your home care questions and guide you to the solutions that work best for you. Call one of our caring consultants to chat about your needs today. **Call 1300 23 63 82**
